RE: Updated 1941 PA 207 Michigan Fire Prevention Code, as amended, Reference Documents "NFPA 1-2006 Uniform Fire Code and NFPA 101-2006 Life Safety Code"

In April of 2011, the state of Michigan updated Public Act 207, also known as the Michigan Fire Prevention Code, to include adoption of the NFPA¹ 1-2006 "Uniform Fire Code" and the NFPA 101-2006 "Life Safety Code", as reference documents. A ORR Admincode, entitled "Fire Prevention Code" was also developed to indicate what sections are applicable for PA 207, and what sections are rescinded, deleted or modified. This ORR is also available at www.michigan.gov/LARA, Bureau of Fire Services, or upon request from the ATFD Fire Prevention Division.

Augusta Township utilizes 1941 PA 207, including these adopted references, being MCL 29.1651 through MCL 29.1700b for fire prevention. The adopted standards carry the same weight as law and will be used by the Fire Department during fire inspections, complaint investigations and code enforcement.

Both standards may be reviewed online as "read only" at www.NFPA.org or purchased from the state of Michigan Bureau of Fire Services and/or the National Fire Protection Association.

Sincerely

Daniel A. Onyskin
