CATHERINE MCCLARY
WASHTENAW COUNTY TREASURER

Dear Ms. McClary,

Enbridge has proudly operated and helped fuel quality of life in Michigan for over 65 years. Our commitment to keeping in touch with community members, local public officials, and emergency responders is just one of the ways we are all working together to keep our communities safe.

As part of that commitment, we are hosting a series of Community Meetings to share information about our pipelines, the products we carry, and the work we do to keep our communities and the environment safe. Considering public health concerns related to COVID-19, these meetings will be held virtually, rather than in-person, to ensure the safety of our employees and attendees.

These virtual events are open to the public and will start with a formal presentation led by Enbridge subject matter experts about information related to operations in your area. Following the presentation, Enbridge representatives will be available to answer your questions.

We invite you to join the meeting of your choosing listed below via webcast link or by phone:
